5-STAR SUPPLIER

SAGE Rated Supplier A+

## Reviews ★★★★★

"The team at DMD/SlingGrip want to help in every way possible. They know their product so well I've taken almost every suggestion from them regarding colors and layout. I believe they understand customer service and practice it in a way few others can. It's easy to see each job they do is considered special. Also, the product is fantastic and very well made. If you have a customer using a logo consisting of many colors the Sling Grip is a wonderful promo that won't break the bank."

"This company is amazing! Very patients with proofing until we were satisfied. Very fast turnaround (literally one day) .Quality is also off the charts!!! Basically... a keeper "

"We reached out to DMD productions on a Monday and got finished custom branded product in hands by Thursday. The turnaround and product was amazing! "
